PRODUCT SPECIFICATIONS

Product Name	Human Gastrin17(G17) protein
Catalog#	NBP0138
Description	Gastrin is a gastrointestinal hormone secreted by G cells of the gastric antrum, and its levels are primarily affected by the number and function of G cells, as well as by negative feedback regulation from gastric acid. G17 regulates the secretion of gastric acid and the growth of gastric mucosa. Previous studies have shown that G17 levels are significantly increased in GC patients, and gastrin can promote the growth and proliferation of cancer cells.
Source	Synthetic
Concentration	Lot specific($\pm 20\%$)
Application	Immunogen, calibrator, standard or other applications
Shipping	The product is shipped on ice pack. Upon receipt, store it immediately at -20°C or lower.
Storage	For long term storage, the product should be stored at lyophilized states at -20°C or lower.
Reconstitution	Please see Certificate of Analysis for specific instructions.

FOR RESEARCH OR FURTHER MANUFACTURING USE ONLY
