

## TNFSF11 monoclonal antibody

Catalog: MB22421

Host: Mouse

Reactivity: Human

### BackGround:

This gene encodes a member of the tumor necrosis factor (TNF) cytokine family which is a ligand for osteoprotegerin and functions as a key factor for osteoclast differentiation and activation. This protein was shown to be a dendritic cell survival factor and is involved in the regulation of T cell-dependent immune response. T cell activation was reported to induce expression of this gene and lead to an increase of osteoclastogenesis and bone loss. This protein was shown to activate antiapoptotic kinase AKT/PKB through a signaling complex involving SRC kinase and tumor necrosis factor receptor-associated factor (TRAF) 6, which indicated this protein may have a role in the regulation of cell apoptosis. Targeted disruption of the related gene in mice led to severe osteopetrosis and a lack of osteoclasts. The deficient mice exhibited defects in early differentiation of T and B lymphocytes, and failed to form lobulo-alveolar mammary structures during pregnancy. Two alternatively spliced transcript variants have been found.

### Product:

Purified antibody in PBS with 0.05% sodium azide

### Molecular Weight:

35.5kDa

### Swiss-Prot:

O14788

### Purification&Purity:

The antibody was affinity-purified from mouse ascites by affinity-chromatography using epitope-specific immunogen and the purity is > 95% (by SDS-PAGE).

### Applications:

WB:1/500 - 1/2000 IHC:1/200 - 1/1000 FC:1/200 - 1/400

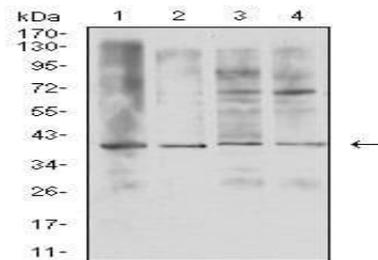

### Storage&Stability:

Store at 4 °C short term. Aliquot and store at -20 °C long term. Avoid freeze-thaw cycles.

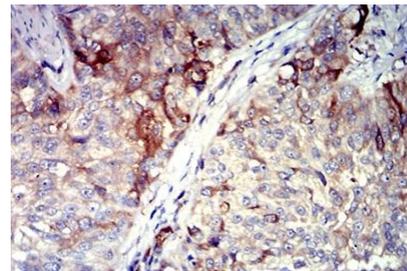

### Isotype:

Mouse IgG1

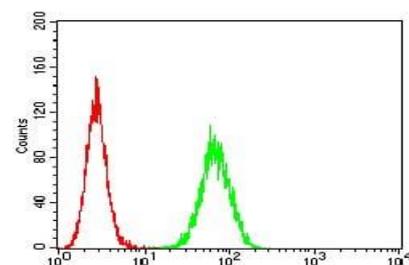

### DATA:

Western blot analysis using TNFSF11 mouse mAb against U937 (1), HL-60 (2), Raji (3), and Ramos (4) cell lysate.

Immunohistochemical analysis of paraffin-embedded human bladder cancer tissues using TNFSF11 mouse mAb with DAB staining.

Flow cytometric analysis of HeLa cells using TNFSF11 mouse mAb (green) and negative control (red).

### Note:

For research use only, not for use in diagnostic procedure.
